

KAVITA'S HERBALS

Versatile herbs and ayurvedic knowledge hold the key to nature's best healing properties for your care. Kavita's Herbals harnesses this goodness of nature to produce a line of well-researched, naturally manufactured hair, skin and health care products.

01.

Skin care

A range of practice that supports the skin integrity, enhances its appearance and relieves the skin conditions.

02.

Bath & Body

Products infused with essential oils that soothe the muscles, softens skin, improves circulation and prevents any infection.

03.

Hair care

Our Herbal hair products are made using natural oils with essential properties to treat hair problems like thinning of hair and dry or flaky scalp. These oils are used not only for moisturizing purposes but also to promote hair growth, improve blood circulation in the scalp, prevent dandruff and add volume to the hair shaft.

04.

Health care

Herbal oils and balms for topical application onto the skin to relieve pain and stiffness. They are meant to provide instant relief from any aches and pains.
